Other information or instructions	The University of Utah endorses the " <i>Utah Best Practice Guidelines: Transfer to Hospital from Planned Out-of-Hospital Birth</i> " and complies with all best practice recommendations therein. We respect the right of women to choose their birth setting. We seek to facilitate safe hospital transfer for mothers and their newborns by promoting interprofessional collaboration and communication.							
In addition to the UWNQC transfer forms and the relevant medical records, is there anything else the OOH provider should routinely provide?	NO	NO	NO	NO	NO	NO	NO	NO
To which department should the patient go?	As instructed by MFM physician.	As instructed by MFM physician.	As instructed by MFM physician.	As instructed by MFM physician.	As instructed by MFM physician.	As instructed by MFM physician.	University of Utah Hospital Clinic 6 Pediatrics	EMS will determine.
In addition to the OOH provider, how many people may accompany the patient?	Visitor policies included in these guidelines are subject to change in the setting of the COVID-19 pandemic. Current visitor policies can be clarified by calling the Labor and Delivery Unit.						N/A	2
Anything else?	University of Utah is developing a specific policy regarding well newborns that accompany admitted mothers. Please refer to this policy for details, when available.							
Post-Transfer Communication								
How will the hospital provider report back to the OOH provider on the patient's hospital course?	We will use the UWNQC Maternal Transfer Form to find up-to-date and accurate contact information for the transferring midwife. Updates will be given by phone during the hospital admission. The hospital provider will coordinate follow-up care prior to discharge. For all maternal admissions, relevant medical records including admission history and physical, delivery note (if appropriate), and discharge summary will be sent to the referring midwife in a timely fashion.						Follow-up care will be coordinated prior to discharge. For all admitted infants, a discharge summary will be sent to the midwife identified on the UWNQC Neonatal Transfer Form .	
Fax number for Transfer Form	Fax (801) 585-2143							

*Non-urgent is defined as a condition where the patient needs medical attention, but the situation is not life-threatening, and a delay of up to hours is not likely to significantly affect the outcome.

**Urgent is defined as a condition where the patient needs immediate medical attention to prevent serious injury or death.
